ICON Review!

ICON just ended and i had the amazing opportunity to spend my 4th of July in Chicago! I met new people from all over the world, traded pins, listened to amazing speakers, went to workshops and of course toured the city!

Speakers

We had some amazing speakers that taught us to be ourselves, to try new things, to enjoy life and embrace who you really are. These speakers influenced me in a personal way and I imagine they did to others as well. They touched on how us as individuals can make a difference if we just go out there and do something. I strongly believe that we all can make a difference!

Meeting new people

ICON gives you the opportunity to meet people from the country as well as people from Canada, Jamaica and more! You can trade pins to have a record of who all you've met. Meeting new people is one of the biggest parts about ICON and making new friends. I definitely bonded with many more people and made lifelong friends!

Overview

Overall, ICON is an amazing experience I encourage everyone to try and attend. If you have money problems you can fundraise and talk to your local Kiwanis and they will try and help you. It teaches you so many things and is a great life long memory. I hope to see you all soon!
