### Summer Reminders

- Please email me your **new officers' contacts** if you've already held elections! This is very important, as **it's crucial that I'm able to communicate with them.**
- Even though summer has begun, **we can still continue volunteering!** I encourage all of you to **host service projects**, and I would love to help!

# Summer Service Projects

Although schools are out, the summer is a great time for **bringing together your clubs through engaging service projects!** For that reason, I encourage each of you to host one at your school. **I would love to attend these!** If you're having trouble coming up with ideas, here are a few amazing ones!

1. Have members **write letters of gratitude** or **organize care packages** for healthcare providers who continue to put their lives on the line during this pandemic.

## Dates to Remember

**October 1**- Dues become payable

**October 17**- Fall Rally in Dollywood

**December 1**- Dues become delinquent

**February 1**- Unpaid clubs become suspended

2. **Host a fundraiser** such as a **car-wash, movie night, or fun-run to raise money** for Children's Miracle Network, March of Dimes, Ronald McDonald House, or another charity!

3. Encourage your communities to **buy Miracle Bears** from

Chico's, White House Black Market, Soma, or Boston Proper, who **donate \$15 of every bear to Children's Miracle Network.**

4. **Host cloth mask making parties** in your schools or cities!

5. Partner with a local humane society or animal rescue center to **host pet adoption events!**

6. **Visit nursing homes** in groups with members of your clubs!

## Tutor Project Update

In the last newsletter, I brought up the possibility of **establishing tutoring programs** at some of our schools. Since most classes would soon to be ending, I decided that **starting these programs in the fall** would be a better option. In **August**, I plan to begin this process.

## District Meet and Greet Recap

On **May 30**, club members and officers had the opportunity to officially **meet the K-T District Board!** Participants were able to get to know their district, including board members, club officers, and Key Clubbers from **all areas of Kentucky-Tennessee.** There was even a Kahoot, where our own Rianne Brown (from Rossvie High School) placed second over everyone -- including the board! All around, it was a **wonderful experience** that everyone who attended seemed to enjoy!
