Fall Rally

As stated in the last newsletter, Fall Rally this year will be at Dollywood. This is going to be a great opportunity and chance to meet new people. Continue to be on the lookout for information that is being dropped regarding the event! If you have any questions do not be afraid to ask.

Service ideas for the beginning of the school year:

- Cleaning up after school sports events
- Helping gather school supplies for the less fortunate
- Make appreciation letters to school teachers and staff

Do not be afraid to ask your school staff if they need help! Help those whenever you can.

Club Contacts

I still encourage everyone to provide me with new club officers and advisors contact information. I want to be the best that I can be as Lieutenant Governor and having contacts will aid me in doing so. I plan on organizing a Divisional meeting and would love to be able to contact everyone so I highly encourage you all to send contact information!

Staying in contact is what is going to make us as clubs more successful! I plan on having a officer training meeting, so any feedback on dates that could work would be great. I hope everyone has a great start to the school year. Do not hesitate to contact me for any questions, information, or just to have a conversation!
